

# SNAPSHOTS FROM LOCKDOWN

SPECIAL PROJECT BY  
PHC CAPALBIOFOTOGRAFIA-XI ED.

# \*\*\*PhC CapalbioFotografia 2020\_XI Ed.\*\*\*

For the 11th edition of the PhC Capalbio Photography, the festival organizes, in collaboration with the Ass.Cult. "Il Frantoio", the call for entry for all those who want to enjoy photographic art from home; without age or nationality limits.

On any day of these that pass all the same, we asked ourselves several times how to model the everyday, how an eternal present is told, how not to upset what you thought you had built outside, to be able to recreate it within four walls that sometimes they become claustrophobic. Suddenly we all find ourselves looking at our "normalcy" with different perspectives, what we normally live. The theme is free, you can use both smartphones and cameras, give free rein to your imagination. We just want a photo that can describe your state of mind, your perception of the situation, your feelings. Given the situation, we would like you to be able to freely describe and describe the surrounding environment, to see the present not as a lockdown situation but as if it were a place, a city; make a review, a description in your terms without barriers, give free rein to yourself, have fun creating. Tell us about this period of imprisonment in a photo, let's create together a collective diary of this historical moment.

The photos you send us will be evaluated by an international jury.

The jury will select the photos that most land on the description-image combination.
